# I LOVE HER JEWEL SEA

...NOT TO MENTION HER BAYS, LAKES, RIVERS AND ESTUARIES!

We are blessed to be located in the heart of one of Australia's most extraordinary marine playgrounds... the **Port Stephens - Great Lakes Marine Park**. This rare and precious Marine Park encompasses a staggering 98,000 hectares of waterways including Port Stephens, the Karuah River, the Myall River, Myall and Smiths Lakes and all their creeks and tributaries.

It is home to many species; dolphins, turtles, fish, seabirds, sponge gardens, mangroves, salt marshes, as well as some very special threatened species and indigenous heritage sites. This Marine Park represents an opportunity to protect some of the state's most spectacular marine biodiversity and provides the perfect

playground for locals and visitors alike. It also plays an important role in the region's economy supporting thriving ecotourism, aquaculture and fishing industries.

## WET YOUR APPETITE...

You're invited to enjoy this natural playground but please leave it as you found it.

Visit **Broughton Island** for a guided, overnight eco-camping adventure. Spend some time in the glorious **Myall Lakes** area - the state's largest coastal lake system. hoist sail and head home past volcanic islands and monumental headlands. You will be in awe!

Dive right in to some of the best shore diving in NSW. Whether you're an experienced scuba diver or it's your first ever snorkel... the Marine Park boasts a range of dive sites to suit all levels. Like the popular **Halifax Park**... thriving with fish or **Fly Point**... famous for coral and nudibranchs and **The Pipeline**... a must see for macro divers and keen photographers.

# BEAUTY RICH AND **RARE**

## NATURE'S GIFT... WORIMI CONSERVATION LANDS & TOMAREE NATIONAL PARK

In a world of big things, there are few as striking and as monumental as the 30 metre high Stockton Bight Sand Dunes in the **Worimi Conservation Lands** at Port Stephens. These Lands are owned by the Traditional Aboriginal Owners, the Worimi people, and co-managed in partnership with National Parks and Wildlife Services.

The 4,200 hectare Worimi Conservation Lands is managed to ensure the protection of the natural and cultural values of the Stockton Bight landscape, while providing access for visitors and promoting safe and sustainable recreational and commercial use.

This significant place - home to an extraordinary number of ancient cultural sites - clearly demonstrates the historical importance of the Worimi Conservation Lands. Created over 100,000 years ago, these spectacular dunes continue to shift and change with time.

(Find out more about the dunes on page 14).

**The Tomaree National Park** encompasses coastal bushland, sand dunes, heathland, forests, over 20 kilometres of dramatic rocky coastline and stunning, white, sandy beaches.

Whatever you do don't miss the Tomaree Head Summit walk. It's not difficult and you'll be rewarded with panoramic views over Port Stephens, the surrounding coast as well as Broughton, Cabbage Tree and Boondelbah Island nature reserves. While you're there, check out the historic gun emplacements, part of Fort Tomaree built in 1941 as part of Australia's World War II east coast defence system.

Take the family for a picnic at Fishermans Bay Foreshore, catch a boat out to the Port Stephens Lighthouse; venture into the bush on a guided mountain bike tour; or enjoy one of the many walking trails (Find out more about bike and walking trails on page 16-17).

**4 WHEEL  
DRIVING**

Grab a self-drive permit (see page 18) and enter via Williamtown or Anna Bay. Alternatively, relax and take a safe, fun tour on board a Hummer or 4WD.

**SAND  
BOARDING**

For an exhilarating way to explore the dunes, travel by off-road vehicle and surf down the 30 metre slopes on custom sandboards.

**QUAD  
BIKING**

The ultimate experience for the adventurous... ride from bush to beach across the desert wilderness. Safe but sandsational!

# I LOVE HER FAR HORIZONS

## SANDSATIONAL DUNES

The Stockton Bight Sand Dunes, in the Worimi Conservation Lands, cover 4,200 hectares, 1,800 of which are forest, as well as 32kms of the longest moving sand dunes in the southern hemisphere. These truly awe-inspiring dunes reach heights of over 30 metres with slopes of up to 60 degrees to form a majestic, alien-like moonscape - a much sought after location for film makers around the globe.

These Lands form part of an important cultural landscape with special significance for the Worimi people - the Traditional Owners. The land and waters have been used for many thousands of years for living, gathering foods and for cultural activities. Today the landscape

features an extraordinary number of culturally significant sites, many pre-dating the arrival of non-Aboriginal people.

Thanks to the generosity of the Worimi people, we are invited to experience and enjoy this special place (with respect and without disturbing any Aboriginal sites).

See this monumental sandscape for yourself by four wheel drive (with permits). Go fishing, surfing, or take an organised tour for quad biking, sandboarding, horse or camel riding. Enjoy a cultural tour including historic sites such as the Aboriginal middens or Tin City.

Check out our dune adventure activities on pages 43-45.

Relax and experience the peace and tranquility of riding horseback, or a sunset camel adventure through the bush, over the dunes and along the beach.

Long board, short board, kite board or boogie board... you'll find the perfect break along the 32km stretch of beach from Stockton to Birubi.

Try beach fishing on Stockton Beach or book a fishing charter for a deep sea fishing adventure... if you're game!

The spectacular dining options are matched by equally stunning locations. Views over the water to watch the sun sink slowly behind a Marina, fish & chips by the beach or fine dining in a boathouse.

Sidewalk cafés, great coffee, vineyards and a boutique brewery all add to the many options to indulge your senses.

Chefs are drawn to the region by the lifestyle, location and the wonderful produce available which all serve to drive their innovations and delight the foodie's palate.

## DINNER CRUISE

Voyage around the calm waters of the bay and enjoy a sunset dinner cruise... or catch a ferry to Tea Gardens for a delicious lunch at one of the waterfront cafés, pubs or restaurants.

# PROVIDORES & LOCAVORES TO ADORE

## TRAWLER TO TABLE

Port Stephens is a foodie magnet - with a wealth of fresh local produce to make a chef's heart sing and a foodie's taste buds dance. The region is renowned for sensational seafood all year round with Hunter River estuaries bursting with unique sweet prawns and glorious plump, tasty oysters. The Myall Lakes and River are teeming with blue swimmer and mud crabs and all kinds of fish and then, of course, Port Stephens lobsters!

Families have fished these waters for generations and are proud of their heritage, their home and the fruits of their labour. Like John Hewitt Snr, who has worked these rivers and estuaries for 49 years and is proud to work side by side with his two sons as they deliver their prized catch seven days a week to the delight of a

growing number of notable chefs drawn to the region.

Little Beach Boathouse owner and chef Luke Cameron is a self confessed food addict and locavore, spoilt for choice when designing his restaurant and catering seafood menus. "Working with fresh local produce is exciting and allows me to be innovative and creative with my dishes" says Luke. He himself is a keen diver and fisherman, who loves cooking with the local seafood. Port Stephens seafood comes from a pristine environment and is available fresh everyday - this is the freshest produce you can get!

See more about fresh local food on page 50-51.

# SAILS MEETING

Whoever said you can't mix business with pleasure has never been to a Port Stephens business event!

Let's face it - where else can delegates see historic fighter planes, slide down a sand dune, parasail across a bay, take a yoga class, enjoy fresh lobster on a yacht, watch dolphins dive, bushwalk to a spectacular lookout, taste beer and fresh macadamias and get up close and personal with a whale?

Sure, that bridge in Sydney is impressive, Melbourne trams are quaint, and seals at Sea World are adorable... but just take a look at our sparkling Bay that's twice the size of Sydney Harbour, the largest sand dunes in the southern hemisphere, or the amazing untrained seals that you can observe in their natural habitat.

We really do have "beauty rich and rare". It's not just our good looks that attract the conference market, we're also really good at providing memorable activities, brilliant accommodation and great service.

Port Stephens is your destination for relaxation, recreation, education, contemplation, motivation and congregation!

With accommodation options from safari tents and boot camp style to luxury apartments and swim out rooms - a superb range of offerings to challenge, pamper, motivate or reward - we can design the business event that puts the awe back into awesome.

Easy to access, easy to organise, easy on the eye and easy on the budget. Our experienced 'unconventional' Business Events team will tailor a unique and 'unconventional' conference, meeting, incentive or event to suit your brief and your budget.

For all you need to know about an unconventional business event in Port Stephens go to our comprehensive website [www.portstephens.org.au/conferences](http://www.portstephens.org.au/conferences)

## Worimi Conservation Lands

### Guudji-yiigu - a Worimi welcome

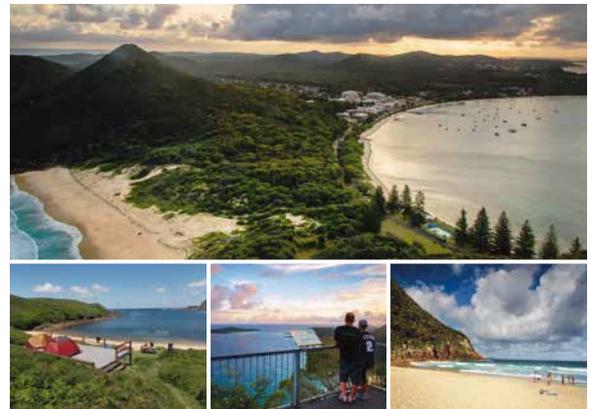

Visit the Worimi Conservation Lands (WCL), an Aboriginal owned park co-managed by Worimi Traditional Owners and the NSW National Parks and Wildlife Service. The WCL includes Stockton Bight, dunes and forest, and contains an extraordinary number of Aboriginal cultural sites that pre-date the arrival of non-Aboriginal people. The 32 kilometre long stretch of beach, framed by some of the largest dunes in the southern hemisphere, make this a popular spot for four wheel driving, fishing, sightseeing, and picnicking with family and friends. A beach vehicle permit is required for all vehicles, and can be purchased at various service stations close to the park entrances at Anna Bay and Williamtown.

Help conserve the Worimi Conservation Lands for future generations:

- All Aboriginal sites, plants, animals and historic sites protected
- NSW road rules apply. 40 km/hr maximum speed
- Do not drive over middens or shell accumulations - you may damage cultural sites
- Do not drive on vegetation - this helps keeps the dunes intact

Quietly nestled between two of Port Stephens' most idyllic beaches, Marty's offers stylish motel-style rooms and self-contained apartments in a picture perfect location.

When you arrive, leave the car (and your stress) in the car park - you won't be needing them - and take a two minute walk west to stunning Little Beach. Soft white sand, perfect swimming for the kids, boat ramp and one of the best scuba diving spots on the east coast.

Need a change? Walk five minutes east and find a protected spot on the uncrowded Shoal Bay Beach - postcard perfect! Take a big breath in... exhale... now relax a little... you've just discovered a little slice of heaven... without costing the earth!
